

ELECTROMAGNETIC FIELDS AND YOUR HEALTH

WHAT ARE THE HEALTH HAZARDS OF TODAY'S TECHNOLOGY?

Ever thought that the following *symptoms* could be caused by your cell phone, laptop, computer or other electrical devices?

- Memory, or concentration problems
- Headache, or pressure in the head
- Tinnitus (buzzing/ringing in the ears)
- Difficulty sleeping, low quality of sleep, melatonin reduction
- Fatigue, Nausea, Digestive problems
- Tingling sensations, or tremors, ETC

JOIN US FOR THIS IMPORTANT INFORMATION SESSION WITH TWO LOCAL EXPERTS:

ROB METZINGER - Our home and workplace is often bathed in a sea of electromagnetic radiation from power lines and wireless technologies. Join Rob Metzinger, for an overview of the potential EMF dangers that may exist in your home and workplace and how to reduce your exposure to them. Rob is an Electronics Engineering Technologist, Certified Building Biologist and President of Safe Living Technologies Inc. Visit Rob at www.slt.co

HOWARD KALNITSKY started Kayecom two years ago in Waterloo with two goals in mind. Informing consumers about the safe use of today's gadgets which use wireless technologies because the industry doesn't want to talk about the health risks as well as manufacturing and wholesaling affordable products that protect consumers and make devices safer to use. Visit Howard at www.radirid.com

WHERE: RIM Park, 2001 University Avenue
in Waterloo room #208 (the cost will be \$5.00)

WHEN: Tuesday April 30th from 7:00-9:00pm
(Question and Answer period to follow)

*There is limited seating so please call Lynn Amatuzio at 519.502.5754 or Email Lynn at lynn@healthfulpath.ca to reserve your seat now.
